

TECHNICAL NOTES

Wagg&Purr® Complete Care Senior Dogs

Description

Wagg & Purr® Complete Care Senior Dogs is an aid in the maintenance of vigour and vitality in ageing dogs. Wagg & Purr® Complete Care Powder for Senior Dogs provides useful supplementation of omega-3 fatty acids and vitamins to help maintain normal appetite and mental function. The combination of Boswellia resin (frankincense) and turmeric may assist conditions associated with age-related deterioration of the joints.

Ageing dogs can develop a broad array of health conditions that require specific veterinary care and attention. If your dog suffers from inappetence, weight loss, changes in toileting habits, behavioural changes, sleep disturbances or decreased mobility, seek advice from your veterinarian. Wagg & Purr® Complete Care Powder for Senior Dogs is not designed to be a definitive treatment for diseases and disorders associated with ageing.

Ingredients

Each 3 gram scoop provides approximately

- LYN-side Nutri Optimum BA10 inactivated dried yeast 0.87 g
- DHA powder 0.5 g
- Boswellia serrata 60% Extract 0.5 g
- Turmeric Phytosome feed 0.05 g

This product also contains: maltodextrin, microcrystalline cellulose, talc, and vegetarian dry dog palatability enhancer.

Precautions

Supplementation of pets should not be used as a replacement for normal veterinary care and balanced diets. Discuss with your veterinarian if this supplement is suitable to administer to pets that may be receiving other medications, that may be pregnant or lactating or that have blood clotting, liver or kidney disorders.

Daily Amounts

Unless directed by your veterinarian, administer the following daily amount, depending on the weight of your dog.

Pet Weight Range	Daily Amount
5-10 kg	1 scoop mixed with wet food
11-20 kg	2 scoops mixed with wet food
21-30 kg	3 scoops mixed with wet food
30-40 kg	4 scoops mixed with wet food

Presentation

Tub of 90 g of powder with 3 g scoop

Storage

Store below 30 °C out of sunlight. Protect from moisture. Keep lid tightly closed.
